The following is an examiner's statement of reasons for allowance:

The instant invention claims a magnetic pigment flake having a specific structural and physical properties.

The closest prior art references that relate to the claimed invention are Phillips'812, '590, '624, '648, Batzar'361, Pratt'856, Kashiwagi'689 and '877. The prior art teaches that it is known in the art to make and use color-shifting thin film plates. However, the prior art does not teach or suggest the instant invention wherein magnetic pigment flakes have the claimed structure and properties.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
